# Never Felt So Much For Someone

(Helmut Huber)

Sometimes I remember these long and lonely days,  
I spent without you  
I had so many dreams to realize,  
But all my dreams don't come true  
How often I had closed my eyes  
To see again the dreams I had last night  
I was longing for some love  
Babe, I wanna hold you tight

Sometimes I remember the days before  
I shared my love with you  
I had so much fear, you wouldn't feel  
Like I do  
I never felt so much for someone  
Never felt so much deep inside  
Wanna give you all my love  
Wanna make you feel all right

(Instrumental part)

Now we are in love for a certain time  
And I hope, it will last forever  
When I'm looking in your bright eyes  
I wish, that we'll always stay together  
I never felt so much for someone  
Never felt so much deep inside  
Wanna give you all my love  
I don't wanna hurt your pride

(Instrumental part)

Oh, oh, oh ...
