# Queen of Emotions

( Helmut Huber )

You are my mermaid,  
who lives in the deep blue green  
Queen of emotions  
Ruling the realm of unfulfilled dreams

My sweet black pearl  
Hidden somewhere in a shell  
When it opens for a short moment  
It's just to show me where you dwell

You're like the sun that warms  
You stop my fear and my pain  
You are reason, why  
My life cannot be in vain  
You give me so much hope 'cause you are the light  
I live in dark cave and you show me the way outside  
You give me so much love I feel deep inside  
I'm sailing mighty storms and you are my guiding light

Oh, my sweet girl  
Do you imagine what I feel  
You're part of my most secret dreams  
But don't forget my love is real

Sometimes I feel so empty  
Mmh, my girl sometimes I'm so weak  
I live in cold darkness  
And it's your love I seek

You're like the sun that warms  
You stop my fear and my pain  
You are reason, why  
My life cannot be in vain  
You give me so much hope 'cause you are the light  
I live in dark cave and you show me the way outside  
You give me so much love I feel deep inside  
I'm sailing mighty storms and you are my guiding light

You're like the sun that warms ...
